A player may register with up to two teams per seasonal year. Permission to allow or not allow dual registered players is the MSYSA member organization jurisdiction.

- The member organization dual registration form (if applicable) must be completed with appropriate signatures before the MSYSA member organization will consider approving the dual registration.
- A player may not play for more than one team in the same competition (meaning MSYSA sanctioned tournament, MSYSA State Cup, MSYSA member organization league division, etc.). A player must play on the primary team in the MSYSA State Cup.
- In all cases of dual rostering involving a Midwest Regional League team (MRL), the MRL team must be the primary team.
- In all cases of dual rostering involving a Michigan State Premier Soccer Program (MSPSP) team and a non-MRL team, the MSPSP team must be designated as the primary team.

- An individual player may NOT dual roster on a MRL team and a MSPSP team. A team that plays in both the MRL and MSPSP must have identical rosters.
- If the coaches of the two teams disagree on the designation of the primary team, the player may not play until the registration issue has been resolved By the MSYSA member organization.
- A dual rostered player shall be issued two US Youth Soccer passcards, one for each team.
- Any player who registers for a team without informing the responsible team official and member organization official that they already registered with another team shall forfeit all games for this team for the time period that the player has not obtained the approval for dual registration from MSYSA member organization.
- Dual registrations will not be permitted by MSYSA during the months of May, June, October and November, unless a hardship case exists and approval is provided by MSYSA.
